to the 2 1/2 Bt grant was ordered to be discontinued, the request of the Municipality has perhaps to be considered similarly.

Srikantaiah 19/1 4/ The Empress Girls High School Tumkur is a Govt Institution opened as per G.O dated 24 10 29 & 11/9 the Mcl council & District Board offered to contribute a sum of Rs 500 & 300 each towards recurring expenditure in case the School was opened. the same offer was accepted in G.O dated 8 1 30

Para 21 of notes in LB file 20 42-119

20/ 5/ After paying contributions for some years, the Mcl Council represented that its contribution may be waived towards the said school In their letter dated 29 4 40 Govt intimated that its request cannot be acceded to & also pointed out that the similar request of the Dist Board also was turned down

V

(Vide paras 26 25 & 26 of the notes also in the said file)

21/ 6/ Govt on a further representation of the District Board, the question was favourably considered for the following reasons

(1) Both the D B & D B recommended that the Dist Board may be released from this obligation

Z

(11) Similar contributions were not insisted upon, when other Govt High Schools for Girls were subsequently started at Hassan Davanagere. (Malleswaram & Chitaldrug since opened)

Z

(12) The promises made by Local Bodies in the early stages as a sort of encouragement for grants contribution, should not be taken to bind them for a permanent commitment & that such contributions are optional items of contribution

Re: the discontinuance of the payment of the annual contribution of Rs 600/- by the Tumkur Town Municipal Council to the Empress Girls High School at the place.

==00==

Sir,

Adverting to G O No L 5097-10/L B 25-29-35 dated 8th January 1930 according sanction to the payment of the above contribution by the Tumkur Town Municipal Council, I have the honor to forward, herewith the file of records received from the President, Town Municipal Council, Tumkur and to state as follows -

2/ On receipt of a reference from the President intimating that the Municipal Council had resolved at their meeting held on 21-2-1940 for obtaining sanction of Government to the discontinuance of the payment of the said contribution and requesting that orders of Government may be obtained thereon etc., a recommendation was sent to Government seeking their orders in this behalf. Government were pleased to direct in their letter No.E. 3496/Edn.248-39-2 dated 29-4-1940 that as the Municipal Council had agreed to give a contribution when the school was started it cannot go back on its undertaking now and that its present request cannot, therefore be acceded to

3/ The President now states that as the Municipality has heavy commitments to meet in the shape of contributions to various departments of Government and institutions, it has become very difficult to continue the payment of this contribution in future and has sought the sanction of Government for discontinuing the same as in the case of the District Board, Tumkur.

From the budget estimates of this town Municipality, it is seen that this Municipality has heavy commitments and has also to pay a large amount in the shape of contributions to the various departments of Government and institutions I am of opinion that the request of the

[illegible] will deserve favourable consideration.

In the circumstances, I request that sanction of Government may be kindly obtained to the resolution of the Council, for the distribution of the contribution as in the case of the Local District Fund (vide G.O. No. L. [illegible] dated 16-4-1943).

I have the honour to be,
Sir,
Your most obedient servant,
[illegible]
Deputy Commissioner,

2) Conditions have changed since the starting of the Empress Girls' High School nearly 14 years ago That was the first Girls' High School to be started outside the Cities of Bangalore and Mysore, and the local bodies came forward with contributions probably to induce Government to open the first Girls' High Schoo in the mofussil Since then, Government High Schools for Girls have been opened at Hassan, Davangere and Chitaldrug and in none of these cases was contribution by local bodies insisted upon or even asked for The Tumkur Municipality has contributed at the rate of Rs 600/- per annum for the past 14 years, and it is represented that with heavy commitments in other directions they find it difficult to continue the grant to the Empress Girls' High School

3) The real question, however, is not of the financial ability of the Municipal Council to continue their contribution but the principle of contribution to a Government Girls' High School which is not applied in other cases How this contribution came to be made is not clear from the records, but, as I have stated above, all that can be inferred is that the local bodies offered an inducement to Government to open a Girls' High School at Tumkur

4) I am of opinion that the Municipal Council may be released of their obligation to pay a grant of Rs 600/- per annum to the Empress Girls' High School, in the same manner as the District Board has been released, the deficiency on this account in the receipts of the school being made good by Government

5) I may add in this connection that since the Government High School for boys at Tumkur has reached the maximum limit of expansion, I told the representatives of the Municipal Council, Tumkur when they met me at Tumkur this month that if they desired

larger high school accommodation, a Municipal High School would have to be opened as in Davangere Opening of a Municipal High School at Tumkur in addition to the Government High School for Boys would, no doubt be a legitimate charge on Municipal funds

Subject -

Discontinuance of the contribution by the Tumkur Town Municipal Council for the Empress Girls High School, Tumkur

=====

With reference to your letter No L 10674/M1 dated 17th April 1944 on the above subject, I have the honour to state as follows -

I had in my letter No A6 C 4421/42-43 dated 31/7/43 recommended the request of the Municipal council for the favourable consideration of Government On re-consideration and in the light of subsequent events I have now to modify my previous recommendation

As pointed out in your letter under advertance the Municipal Council have agreed to pay the grant-in-aid unconditionally On principle therefore it is not desirable to allow the Municipality to go back on its accepted obligation At this rate there would be no value for resolutions passed by local bodies and again this would set up an inconvenient precedent

As regards ability to pay the financial position of the Municipality has improved since 1929 when the payment of the contribution was resolved upon The normal annual income of the Municipality is in excess of its expenditure by Rs 11801/- The Municipality has also recently received on unexpected windfall of Rs 60,000/- by the sale of sites and action is also being taken to step up its regular income by revision or mohatarfa and levy of additional fees The Municipal council cannot therefore now plead inability to pay the small annual contribution of Rs 600/- after having paid it all these years In my opinion there is not the least justification to waive the recovery of the contribution

The question of starting a Municipal High School at Tumkur with a view to relieve the congestion in the existing Government

Government High School having come up for consideration in the meanwhile I wanted to see what the Municipal would do before giving my opinion, since it seemed to me that if the Municipal Council decided to start a Municipal High School there would be some justification in relieving it of its obligation to contribute for the Empress Girls' High School also The urgent need for the establishment for a Municipal High School was impressed upon the members of the Municipal Council who were also suitably advised by the Minister for Education during their interview with him at Tumkur on 19th January 1944 The finances of the Municipality are also able to bear the additional expenditure on account of the proposed High School and it was therefore expected that the Municipal council would accept the suggestion of the Educational department and agree to start the Municipal High School On the other hand the suggestion has been turned down and the Municipal council has finally decided not to start the High School Having thus refused quite unjustifiably to take up a legitimate and pressing responsibility it is not open to the Municipal council to ask to be relieved of its existing obligation also I am of the opinion that the request of the Municipal council does not deserve consideration and that the continuance of payment of the contribution should be insisted upon

If however, any leniency is to be shown the question of waiving of the contribution may be considered by Government when the Municipal council undertakes the establishment of a Municipal High School at Tumkur

Sir,

Discontinuance of the contribution by the Tumkur Town Municipal Council for the Empress Girls High School, Tumkur

With reference to your letter No.L.10674/M1 dated 17th April 1944 on the above subject, I have the honour to state as follows -

I had in my letter No A6-C. 4421/42-43 dated 31/7/43 recommended the request of the Municipal council for the favourable consideration of Government On re-consideration and in the light of subsequent events I have now to modify my previous recommendation

As pointed out in your letter under advertance the Municipal Council have agreed to pay the grant-in-aid unconditionally On principle therefore it is not desirable to allow the Municipality to go back on its accepted obligation At this rate there would be no value for resolutions passed by local bodies and again this would set up an inconvenient precedent

As regards ability to pay, the financial position of the Municipality has improved since 1929 when the payment of the contribution was resolved upon The normal annual income of the Municipality is in excess of its expenditure by Rs 11 801 The Municipality has also recently received an unexpected windfall of Rs 60,000/- by the sale of sites and action is also being taken to steep up its regular income by revision of mohatarfa and levy of additional fees The Municipal council cannot therefore now plead inability to pay the small annual contribution of Rs 600/- after having paid it all these years In my opinion there is not the least justification to waive the recovery of the contribution.

The question of starting a Municipal High School at Tumkur, with a view to relieve the congestion in the existing Government High School having come up for consideration in the meanwhile, I wanted to see what the Municipal council would do before giving my opinion since it seemed to me that if the Municipal council decided to start a Municipal High

High School there would be some justification in relieving it of its obligation to contribute for the Empress Girls' High School also The urgent need for the establishment for a Municipal High School was impressed upon the members of the Municipal council who were also suitably advised by the Minister for Education during their interview with him at Tumkur on 19th January 1944. The finances of the Municipality are also able to bear the additional expenditure on account of the proposed High School and it was therefore expected that the Municipal council would accept the suggestion of the Educational department and agree to start the Municipal High School On the other hand the suggestion has been turned down and the Municipal council has finally decided not to start the High School Having thus refused quite unjustifiably to take up a legitimate and pressing responsibility it is not open to the Municipal council to ask to be relieved of its existing obligation also. I am of the opinion that the request of the Municipal council does not deserve consideration and that the continuance of payment of the contribution should be insisted upon.

If however any leniency is to be shown the question of waiving of the contribution may be considered by Government when the Municipal council undertakes the establishment of a Municipal High School at Tumkur.
